Your Cal MediConnect plan L.A. Care Cal MediConnect Plan (Medicare-Medicaid Plan) will change. You will be enrolled in the same Medicare and Medi-Cal plans, *L.A. Care Medicare Plus (HMO-DSNP)*, provided by the same company that provides your Cal MediConnect plan. These plans will jointly be referred to as the Medicare Medi-Cal Plan (MMP or Medi-Medi plan) and is designed to coordinate care for people with both Medicare and Medi-Cal. You will still get the same health care benefits as you do now.

You will continue to get services through Cal MediConnect until December 31, 2022. On January 1, 2023, you will automatically start getting services through the Medicare Medi-Cal Plan. If you are in a Cal MediConnect plan now, you do not need to do anything to enroll and keep your current benefits.

The Medicare Medi-Cal Plan will help you with all of your health care needs and will continue to coordinate your benefits and care. This includes medical and home and community-based services. It also includes medical supplies and medications. The plan will include the doctors you use now or help you find a new doctor that you like. You will start getting letters about this change in October 2022. We will send you integrated member materials, such as one integrated Member ID Card and Member Handbook.

You don't have to do anything this fall to keep getting your health care from the plan you have now. If you have questions about your coverage in 2022, contact your current Cal MediConnect plan.

Sincerely,
L.A. Care Medicare Plus
