L.A. Care Medicare Plus (HMO D-SNP) 2025 List of Covered Drugs (Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which prescription drugs and over-the-counter (OTC) drugs and non-drug products and items are covered by L.A. Care Medicare Plus. The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by L.A. Care Medicare Plus. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all the FAQ to learn more or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “*Drug List*” for short.)

The drugs on the *List of Covered Drugs* that starts in section D are the drugs covered by L.A. Care Medicare Plus. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by Medi-Cal Rx. Please visit the Medi-Cal Rx website (www.medi-calrx.dhcs.ca.gov) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal Beneficiary Identification Card (BIC) when getting prescriptions through Medi-Cal Rx.

- L.A. Care Medicare Plus will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - L.A. Care Medicare Plus agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a L.A. Care Medicare Plus network pharmacy.
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at medicare.lacare.org or call Member Services at 1-833-522-3767 (TTY: 711), 24 hours a day, 7 days a week, including holidays.

If you have questions, please call L.A. Care Medicare Plus at 1-833-522-3767 (TTY: 711), 24 hours a day, 7 days a week, including holidays. The call is free. **For more information**, visit medicare.lacare.org.

Last Update: 08/01/2024

B2. Does the *Drug List* ever change?

Yes, and L.A. Care Medicare Plus must follow Medicare and Medi-Cal rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from L.A. Care Medicare Plus before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, or
- we learn that a drug is not safe, or
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check L.A. Care Medicare Plus's up-to-date *Drug List* online at medicare.lacare.org. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services at 1-833-522-3767 (TTY: 711) 24 hours a day, 7 days a week, including holidays to check the current *Drug List*.

B3. What happens when there is a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will remain \$0. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.

- We can make these changes only if the drug we are adding:
 - is a new generic version of a brand name drug, or
 - is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
 - some of these drug types may be new to you. For more information, refer to Section B14.
- You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or effective or the drug's manufacturer takes a drug off the market, we may immediately take it off the *Drug List*. If you are taking the drug, we will send you a notice after we make the change. If you get one of these letters, please speak with your doctor to find a different drug that is safe for you.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that is not new to the market, or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there is a similar drug on the *Drug List* you can take instead or
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug.

For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from L.A. Care Medicare Plus before you fill your prescription. Prior authorization is different from a referral. L.A. Care Medicare Plus may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes L.A. Care Medicare Plus limits the amount of a drug you can get.
- **Step therapy:** Sometimes L.A. Care Medicare Plus requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your prescriber thinks the first drug doesn't work for you, then we will cover the second.
- **Indication-based coverage:** If L.A. Care Medicare Plus covers a drug only for some medical conditions, we clearly identify it on the *Drug List* along with the specific medical conditions that are covered.

You can find out if your drug has any additional requirements or limits by looking in the tables in section C. You can also get more information by visiting our website at medicare.lacare.org. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the List of Drugs by medical condition/drug type has a column labeled "Necessary actions, restrictions, or limits on use."

B6. What happens if L.A. Care Medicare Plus changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

If you have questions, please call L.A. Care Medicare Plus at 1-833-522-3767 (TTY: 711), 24 hours a day, 7 days a week, including holidays. The call is free. **For more information**, visit medicare.lacare.org.

Last Update: 08/01/2024

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by medical condition or drug type.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it at the end of the drug list. It is called the Index. The drugs are listed in alphabetical order.

To search **by medical condition**, find the section labeled List of Drugs by Medical Condition” on page xviii. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category cardiovascular agents – Misc. That is where you will find drugs that treat heart conditions.

B8. What if the drug I want to take is not on the *Drug List*?

If you don't find your drug on the *Drug List*, call Member Services at 1-833-522-3767 (TTY: 711), 24 hours a day, 7 days a week, including holidays and ask about it. If you learn that L.A. Care Medicare Plus will not cover the drug, you can do one of these things:

- Ask *Member Services* for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
- You can ask L.A. Care Medicare Plus to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

B9. What if I am a new L.A. Care Medicare Plus member and can't find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of L.A. Care Medicare Plus. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our *Drug List*, **or**
- our plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by L.A. Care Medicare Plus, **or**
- you are taking a drug that is part of a step therapy restriction.

If you have questions, please call L.A. Care Medicare Plus at 1-833-522-3767 (TTY: 711), 24 hours a day, 7 days a week, including holidays. The call is free. **For more information**, visit [medicare.lacare.org](https://www.medicare.lacare.org).

xiii

If you are taking a drug that L.A. Care Medicare Plus does not consider to be a Part D drug, and the drug is not on the *Drug List*, and you have a problem getting the drug, it may be covered through Medi-Cal Rx. If a Part D excluded drug requires an exception, and you have an emergency, Medi-Cal Rx will allow no less than 72-hour supply of the drug. Please visit the Medi-Cal Rx website (www.medi-calrx.dhcs.ca.gov) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal BIC when getting prescriptions through Medi-Cal Rx.

If you are in a nursing home or other long-term care facility and need a drug that is not on the *Drug List* or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new L.A. Care Medicare Plus member.
- This is in addition to the temporary supply during the first 90 days you are a member of L.A. Care Medicare Plus.

Level of Care Changes

We will provide a transition supply of your drugs when you experience a change in level of care.

Examples of level of care changes may include the following:

1. Members who enter long-term care facilities from hospitals
2. Members who are discharged from a hospital to a home
3. Members who end their skilled nursing facility Medicare Part A stay and who need to revert to their Part D plan formulary
4. Members who give up hospice status to revert to standard Medicare Part A and B benefits
5. Members who end a long-term care facility stay and return to the community
6. Members who are discharged from psychiatric hospitals with drug regimens that are highly individualized

Pharmacies may contact the Pharmacy Help Desk at 1-844-268-9785 to process point-of-sale overrides to ensure members receive access to their medications without any delays.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask L.A. Care Medicare Plus to make an exception to cover a drug that is not on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, L.A. Care Medicare Plus may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

If you have questions, please call L.A. Care Medicare Plus at 1-833-522-3767 (TTY: 711), 24 hours a day, 7 days a week, including holidays. The call is free. **For more information**, visit medicare.lacare.org.

Last Update: 08/01/2024

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your prescriber to help you ask for an exception. You can also read **Chapter 9** section G of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone, and then fax or mail a statement. You can call us at 1-833-522-3767 (TTY: 711), 24 hours a day, 7 days a week, including holidays, for more information.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

L.A. Care Medicare Plus covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Member Handbook*.

B15. What are OTC drugs?

OTC stands for "over-the-counter". L.A. Care Medicare Plus covers some OTC drugs when they are written as prescriptions by your provider.

You can read the L.A. Care Medicare Plus *Drug List* to find out what OTC drugs are covered.

If you have questions, please call L.A. Care Medicare Plus at 1-833-522-3767 (TTY: 711), 24 hours a day, 7 days a week, including holidays. The call is free. **For more information**, visit [medicare.lacare.org](https://www.medicare.lacare.org).

B16. Does L.A. Care Medicare Plus cover non-drug OTC products?

L.A. Care Medicare Plus covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include alcohol swabs.

You can read the L.A. Care Medicare Plus *Drug List* to find out what non-drug OTC products are covered.

B17. Does L.A. Care Medicare Plus cover long-term supplies of prescriptions?

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 100-day supply of your prescription drugs sent directly to your home. A 100-day supply has the same copay as a one-month supply.
- **100-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 100-day supply of covered prescription drugs. A 100-day supply has the same copay as a one-month supply.

B18. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B19. What is my copay?

L.A. Care Medicare Plus members have \$0 copay for prescription and OTC drugs and non-drug products if the member follows the plan's rules. Refer to questions B15 and B16 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our *Drug List*.

- All Covered Part D Drugs (1 Tier): Your copay for a one-month (30-day) supply is \$0 per prescription.

If you have questions, call Member Services at 1-833-522-3767 (TTY: 711), 24 hours a day, 7 days a week, including holidays.

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by L.A. Care Medicare Plus. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in section D. The index alphabetically lists all drugs covered by L.A. Care Medicare Plus.

If you have questions, please call L.A. Care Medicare Plus at 1-833-522-3767 (TTY: 711), 24 hours a day, 7 days a week, including holidays. The call is free. **For more information**, visit [medicare.lacare.org](https://www.medicare.lacare.org).

Last Update: 08/01/2024

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by Medi-Cal Rx. Please visit the Medi-Cal Rx website (www.medi-calrx.dhcs.ca.gov) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal Beneficiary Identification Card (BIC) when getting prescriptions through Medi-Cal Rx.

Appeals Under Part D

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake.
- For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medi-Cal.
- If you or your prescriber disagrees with our decision, you can appeal. If you ever have a question, call Member Services at 1-833-522-3767 (TTY: 711), 24 hours a day, 7 days a week, including holidays *or* at the numbers listed at the bottom of this page or at the numbers in the footer of this document.
- You can also read **Chapter 9** of the *Member Handbook* to learn how to appeal a decision.
- Drugs that are not a Part D drug have different rules for appeals.

C1. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, cardiovascular agents – Misc. That is where you will find drugs that treat heart conditions.

D. Index of Covered Drugs

In this section, you can find a drug by searching for its name alphabetically. This will tell you the page number where you can find additional coverage information for your drug.
